Idera Inc., Developer Tools

Focus on Developers!

- Committed to develop and acquire **best-in-class developer tools**
- **Open technology approach** that puts developer choices first (i.e. no alignment with one set of technology or toolchain)
- **Global reach with local approach**

What's New with Delphi/C++?

A lot of growth in just 8 years!

(7 new platforms/compilers)

Yeah, it still does Win32!

Delphi Community Edition C++ Builder Community Edition
